

portacure **ecolin**

E. COLI PASTE FOR PRE-RUMINANTS AND FOALS

INTENDED USE: Portacure Ecolin contains effective high levels of probiotics, herbal extracts and organic acids. Thanks to the probiotics, herbal extracts and organic acids within its content, it suppresses the pathogens that can cause diarrhea together with E.Coli in digestive system of calves. Portacure Ecolin, with the vitamins in its content, supports the immune system and general health condition of calves.

USAGE: During diarrhea, 15 cc should be used every morning and evening for the animals (calf, lamb-kid, foal) that have diarrhea caused by E.Coli and other pathogens.
